New videos for the Felix Jaehn edit starring OMI were released in both November and April (the clips have 98 million combined views to date), and earlier this month, "Cheerleader" rose to the top of the U.K. singles chart. Taylor Swift "Bad Blood"2. After one listen, it's clear that "Cheerleader" just makes sense as 2015's Song of the Summer. "Cheerleader" is still a long way away from the Top 10, and a whole lot can happen between now and Labor Day, for instance, Rihanna could drop a banger any minute that wipes out all other summer song contenders. To track sales and streaming, the Hot 200 Albums Chart schedule is delayed by a few days to encompass a full week of sales. Cheerleader (OMI Cover) song from the album Pentatonix (Deluxe Version) is released on Oct 2015. In the U.S., an increasing number of people are buying "Cheerleader" each week (the song moves 44-33 on the Digital Songs chart), and radio is starting to catch on (the song debuts on Pop Songs at No. 39 and Rhythmic Songs at No. 37 this week). You can also view the top played songs on the radio, top streaming songs, top digital song sales and top hits of the year. Hot 200 Albums Chart The Hot 200 Albums Chart tracks the top-selling albums of the week. Fetty Wap's "Trap Queen" is the Little Viral Rap Hit That Could, Jason Derulo's "Want To Want Me" wants to talk dirty to you all summer. Walk The Moon's "Shut Up And Dance" has rock fans following its titular command, and Azalea is looking for a repeat performance with her Britney Spears collaboration "Pretty Girls." Taylor Swift is bringing out the big guns for "Bad Blood"; One Direction could follow the hashtags and make "No Control" an official single. There are a number of factors that determine whether a song makes the top 40 list. Nielsen tracks radio stations all over the country and measures what songs are being played. Pop blogs began to take notice of the reinvigorated "Cheerleader"; a video of Simon Cowell deadpanning the song's lyrics for Capital FM went viral. Playing a music video on YouTube also counts as a song play. Seven Songs That Weren't "Song of the Summer" (But Should Have Been) Like Nico & Vinz with their slow-burning 2014 hit "Am I Wrong," OMI now has his sights squarely set on conquering the U.S. with an international hit — and is rapidly doing so. For instance, if an album charts on January 27, its total number of listens will be from the January 12-January 18 tracking week. Sales and Streaming While album sales are dropping in recent years, the use of streaming services is rising. After all, the lyrics of "Cheerleader" pair its positive message of fidelity with absolutely archaic depictions of gender norms, as OMI sings about his romantic beau catering to his needs "like a genie in a bottle" and praising himself for not straying in his relationship because he's "found [him]self a cheerleader" to worship him. The Weeknd "Can't Feel My Face"3. Right now is like the moment in Jurassic Park when the cups of water start rumbling in the Jeep; we can feel "Cheerleader" stomping toward us, and there's no porta potty in which to hide. Radio is still the most popular way to consume music. OMI is the stage name of Omar Samuel Pasley, a singer-songwriter hailing from Clarendon, Jamaica, who has been a minor reggae star since 2012. Often, the artist with the top-selling album is different from the artist with the top-selling single on the Billboard Hot 100. Resistance is futile, America: embrace our next inevitable Top 40 overlord, and know that it's pronounced OH-mee. It's a free country; you assemble your Summer of 2015 playlist however you see fit. Here's this year's Top 5. Summer Songs: Top 20 Cool Songs With 'Hot' Titles One final reason why OMI's late-breaking smash is going to be inescapable over the next few months: like any modern Song of the Summer, it's going to inspire a lot of thinkpieces. Two years later, producer Felix Jaehn got his hands on the track and swapped out the original's humble reggae strut for some woodblock percussion, blinking saxophone and a more streamlined house tempo; the "Cheerleader" remix (released through Ultra Records) became an unlikely hit in Australia and Europe, including in Jaehn's native Germany. The duration of song is 03:03. The Hot 200 Albums is released each Friday which is also the global release date for most new albums. Reggae crossover tracks have a surprisingly robust summer songs history in the U.S., from UB40's "Can't Help Falling In Love" in 1993 to Sean Kingston's "Beautiful Girls" in 2007 to MAGIC!'s "Rude" last year, and "Cheerleader" also fits in with the downtempo trend in dance music, after pensive hits like Robin Schulz's remix of Mr. Probz's "Waves" and Jack U's "Where Are U Now." Do you miss Iyaz, Jay Sean and hearing the words "Beluga Heights" at the end of radio hits? MORE FROM QUESTIONSANSWERED.NET Well, at least it isn't "Bad Blood." According to Billboard, Felix Jaehn's remix of OMI's "Cheerleader" is the official Song of the Summer based on its chart performance. I'm putting my money on the Felix Jaehn edit of OMI's "Cheerleader" early, though, and would be shocked if the song didn't at the very least finish in the Top 5 of the 2015 Song of the Summer cumulative chart. Music consumption is up, but music sales are down. Radio The biggest AM/FM radio in the world is iHeartRadio. That's when "Cheerleader" was originally released — in summer 2012, way back when Mitt Romney was vying for the presidency and Taylor Swift was prepping her Red album — and became a hit in Jamaica and Hawaii. After spending all summer unable to avoid them, I wouldn't mind if I never heard any of these songs again. You can watch the music video and listen to almost every song directly on the Billboard website. In addition to the Hot 100, Billboard also tracks the Billboard 200 and the Artists 100. But there's one Song of the Summer dark horse that's going to be the frontrunner in a matter of weeks: OMI's "Cheerleader." All OMI needs is an exclamation point at the end of his name to be this year's MAGIC!. It's a crapshoot, really. Of course, courting controversy has become a positive aspect in the Summer Songs race: Robin Thicke's scandalous "Blurred Lines" video and Iggy Azalea's hip-hop synthesis on "Fancy" certainly got people talking, and that mixed chatter didn't slow down their chart runs one bit. Let's make 2016 better. As more people digest "Cheerleader," more condemnations of its head-scratching portrait of male-female power dynamics are going to surface (a few already have). Let's begin at the beginning: who is OMI? Some summers start off with an obvious front-runner: in 2014, Iggy Azalea's "Fancy" (feat. This song is sung by Pentatonix. A rite of passage for musicians is having a song on the top 40 hits radio chart. Other Songs of the Summer, like Robin Thicke's "Blurred Lines" in 2013 and Carly Rae Jepsen's "Call Me Maybe" the year before, have made their chart push in the spring and climbed atop the Hot 100 in mid-June — which is the likelier scenario this year. It's a list of the most popular 100 songs in the U.S. Billboard also tracks whether a song is higher or lower on the charts each week, its peak position and its total weeks on the chart. For your reference, last year's No. 1 was Iggy Azalea's "Fancy".5. OMI "Cheerleader (Felix Jaehn Remix)" Kind of a shitty summer for pop music. This includes venues, mass merchants, retail chains, independent stores and digital downloads. Incidentally, I do not understand the pants-wetting love people have for a song so gentle and cloying it sounds like Raffi, but then that is why I left it off my personal list of 2015 summer jams. Silentó "Watch Me (Whip/Nae Nae)"4. During a talk last week, Shazam's VP of product Cait O'Riordan declared that "Cheerleader" is going to be the next Hot 100 ruler based on the data gathered from the song identifying app's active users. The song just logged its second week at No. 1 across the pond, while Khalifa's "See You Again" sits underneath it at No. 2. For an artist to make the Top 40, he or she needs to have high radio plays. They include: Sales: Nielsen tracks all of the physical and digital record sales from 19 different countries including the United States and Canada. "Cheerleader" (officially listed on Louder Than Life/Ultra/Columbia in the States) debuted on the Hot 100 two weeks ago at No. 95, jumped 32 spots last week, and climbs 16 spots on this week's chart to No. 47. Wiz Khalifa and Charlie Puth's "See You Again" is still going strong in the top spot (and remains the Song of the Summer favorite right now), but began its run in April, is tied to a movie (Furious 7) that will no longer be in theaters soon, and is the sort of somber ballad that needs to be washed down with a ice-cold glass of silly summer dance anthem, Summer Songs 1985-2014: The Top 10 'Tunes of Each Summer See latest videos, charts and news There are about 20 pop singles currently jockeying to be that anthem, and take hold of the Hot 100 within the next six weeks. The revamped version of "Cheerleader" transforms the original track's inoffensive pop into a more dynamic tropical burner, with OMI's buttery warble abetting the arrangement instead of being tasked to drive it. The three-year-old mix of an even older song spent six non-consecutive weeks atop the Billboard Hot 100 this year. Radio: Once a song becomes popular enough to be picked up by radio stations, it can gain a lot of traction and earn a spot on the Billboard Hot 100. And really, there are worse fates than staring down a reggae-pop Tyrannosaurus Rex in mid-May. Even if you don't, "Cheerleader" will harken back to a simpler time ruled by Jamaican pop — 2009, to be specific — while nicely coinciding with the contemporary dance tracks that don't necessarily inspire spastic movement.
